

# The Beach Boys, TM Song

Yes you are  
Listen  
I'm in the driveway  
Hey what are you talking about?  
I saw you on the lawn  
Hey you  
Hey what?  
Will you will you get off my front lawn with your car?  
Ahh shut up  
What are you doin'?  
Hey he can't talk to him like that  
Yeah what's goin' on?  
I'm gonna call the police  
Hey listen  
What are you talking about?  
I saw the whole thing and you're innocent  
You keep out of it  
Come on guys let's take off  
What are you talking about?  
Ah why don't you go arrest me from here?  
Whew it's time for me to meditate  
What time is it?  
How long has it been?  
Bubbles and ripples floatin' through my mind  
I must have drifted away  
Since I sat down  
Where have I been?  
The mantra my mantra must have took me away  
It must have took me away  
Maharishi gave it to me  
And I wonder if it set me free  
And it did  
And he'll tell you "sometimes it goes real fast and other times it goes  
real slow  
Any way you do it it's bound to work I know"  
One two three four  
Transcendental meditation should be part of your time  
It's simple it's easy as making this rhyme  
Transcendental meditation really works for me good  
More much more than I thought it would
