

# The Beatles, What'd I Say

Hey mama don't you see me wrong  
I come and love you daddy all night long  
Alright hey hey hey hey  
See the gal with the diamond ring  
She knows how to shake that thing  
Alright hey hey hey hey (play the thing)  
See the gal with the red dress on  
She knows how to do it all night long  
Alright hey hey hey hey  
Well tell your mama, tell your pa  
Gonna send you back to Arkansas  
Alright hey hey don't do it right now  
(Play it now, play that instrument)  
When you see me in misery  
Well you see me in misery  
Well baby save my fee  
Alright hey hey hey hey  
Oh tell me what'd say  
Tell me what'd I say...
