

# The Beautiful Mistake, Disclosure

A premature disclosure  
And it filling up this meeting that we had  
These broken phrases catch me with my guard down  
With my guard down

I left myself wide open  
I left myself for you  
I left myself wide open  
I left myself

I took a dive for your deep end  
Thinking everything just fine  
I broke my heart on your shallow side, and i?  
Your shallow side

I left myself wide open  
I left myself for you  
I left myself wide open  
I left myself

Why do I feel the same?  
Why do I feel?  
Why do I feel this way?  
This way?
