The Beautiful Mistake, For A Friend

Gone and disapearing on this cold night I never thought it'd be that way Your crying eyes they form the question Formed by the words that we have shared

Uncovered signs now change the times Perplexing incongruent lies Unparalled, impossible, complacent amiable souls

God, I wanna see you on the inside But it's not feeling like that way I wanna see you on the inside But it's not feeling like that way

Confusion bleeds to vulture stares Conviction bleeds the silence here She suffocates and I regret Wafer thin and falling from interest

Goodbye my friend And disapearing on this cold night I never thought it'd be this way Your crying eyes they form the question Formed by the words that we have shared

I am sorry but this is the way it has to be right now (The way it has to be)
I am sorry but this is the way it has to be right now (I don't wanna see you cry)
I am sorry but this is the way it has to be right now (The way it has to be)
I am sorry but this is the way it has to be right now (The way it has to be)
