

The Beautiful South, Big Beautiful South

My pod is bigger than your pod
My life is bigger than your life
My mouth is bigger than your mouth
Your age is bigger than my age
Your height, my height
Your weight, my weight

My love is bigger than your love
Your fist is bigger than mine
My son is bigger than your son
Your sun it doesn't shine, doesn't shine
Doesn't shine, doesn't shine
At all

My big is bigger than your big
My small is smaller than your small
