

The Benjamin Gate, Fall Away

I'm faced with a day that's lost it's meaning
Everything's nothing
I feel like screaming louder, louder - scream again
A heart full of hurts
A life needing healing
A mouth full of words
With so little meaning
Closer, closer - You come to me

(Chorus:)
I fall away, away
I fall away, away
I fall away, away, away
(Chorus)

All of me falls away quickly
What I need is not necessity
Stronger, stronger - I want to be
When I see You
My future becomes clear
I know why I'm here
My life has a meaning
Reason - You give to me

(Chorus X 2)

(Chorus X 3)
