

The Beta Band, Dry The Rain

This is the definition of my life
Lying in bed in the sunrise
Choking on a vitamin tablet the doctor gave
In the hope of saving me
In the hope of saving me

Mott's in the corner of the room
Junkyard fool with eyes of (glue/gloom/blue)
I asked him time again,

Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain,
Take me in and dry the rain,
The rain, the rain, the rain, the rain, my rain now

Dusty brown boots in the corner by the ironing board
Spray-on dust is the greatest thing
Sure is the greatest thing
Since the last, since the last

Mott's in the corner of the room
Junkyard fool with eyes of (glue/gloom/blue)
I asked him time again

Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
The rain, the rain, the rain, the rain, my rain now

I asked him time again,
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
The rain, the rain, the rain, the rain, my rain now

If there's something inside that you wanna say
Say it out loud it'll be okay
I will be alright, I will be alright
I will be your light, I will be your light

If there's something inside that you wanna say
You can say it out loud it will be okay
I will be alright, I will be your light
I will be your light, I will be your light

I need love
I need love
