

The Black Crowes, Blackberry

Hey Blackberry
How you taste so sweet
Hey Blackberry
Tell me what you see
Tell me is it interesting
Hey Blackberry
Pay some attention to me
Hey Blueberry
Look at my bumblebee
Hey Blueberry
You know we never sting
And he only hums for me

I need some L-O-V-E-N to make me happy
You got to be L-U-C-K-Y to git
With a girl like Blackberry

Hey my cherry
Coming up my street
Hey my cherry
You make it hard to breath
Look what you've done to me
Hey my cherry
Be sure to keep your nose clean

I need some L-O-V-E-N to make me happy
You got to be L-U-C-K-Y to git
With a girl like Blackberry

I need some L-O-V-E-N to make me happy
You got to be L-U-C-K-Y to git
With a girl like Blackberry

I need some L-O-V-E-N to make me happy
You got to be L-U-C-K-Y to git
