

The Black Crowes, Cosmic Friend

Written by: R. Robinson & C. Robinson

Down and dirty nappy
Tired sad nasty
It's not everlasting
It's bound to turn around
Need a little sweetness
A little reason to your rhyme
I got something for you
A little sugar for your mind
Hear the bells ringing
Send it down the line
Thank you for the sharing
I get you back next time

Chorus:
My friend the cosmos is calling
Sayin' we all should be shining

Don't you be a stranger
We like you hanging around
Be thankful of the laughter
Praise for the sound
When you're feelin' lonely
You know just what to do
Put on track eleven
Get on with the groove

Chorus

Now we've reached the ending
I'm sad this song is gone
But we can start at the beginning
And we can all sing along

Down and dirty nappy
Tired sad nasty
It's not everlasting
It's bound to turn around
