## The Black Crowes, Let Me Share The Ride

Hey there buddy
Slow down for me
I'm friendly and I'm clean
I will not rob you or cause you misery
Your wheels sound good to me
I ain't green with travel
As you can see
I only got one bag
If I am trouble drop me off
In Abilene
I'll pay my gasoline

Let me share the ride Let me share the ride

It's hard living on travel time Please let me share your ride

I never was a young man Never felt old This life is a mystery My coffee's hot not cold I'll turn your dashboard gold Slow down take a look at me

I'm not not running from anything I've no past to hide I've got no secrets haunting me I just easy ride
