The Black Dahlia Murder, Climactic Degradation

Devastate leave them weeping in your wake a family's broken dreams with gloved hand I separate mutilate them carve them up bring them to their knees the powers of a knife at hand if it breathes it fucking bleeds

mankind end time disgusted with this race I pluck them from the universe pawns in my favorite game

cut them all down completely randomized never a clue nor a trace is left identity disguised I measure joy in suffering with a rope and blade I maim humiliate these fallen souls this earth of sick disgrace

Climactic degradation rapture in blood achieved Suffocate them rip them rape them make them fucking scream Orgasmic mutilation on terror I do feed Annihilate this bastard race I'll make them bleed for me

[Solo]

I'm taking you down with me into this hell of hells stabbed in the throat sputtering blood my need is never quelled you must stand here before me my judgement ends in death I stand above your broken bodies face speckled in red how sweet it is to revel in your flesh I won't stop until the last is dead
