That partner in hand could be me, pleasurable company

Gettin you like enter, when I feel on your body

It done hit me like "Please";

You movin' authentic 'cause energy sent to me knees that

Make em buckle, baby

Speakin a buckle

Why don't you undo yours, and make our body hussle

Isn't it love when two body collide

Lettin all sparks that resembles Fourth of July skies

And you know how much I care about you right

Oh yeah

When you're on my mind, I'm a be alright

Oh yeah

I wanna love you down in so many ways

Oh yeah

When I'm feeling blue, I think of you and say

Oh yeah

And if you knew how deep I feel about you girl, then you will

Not think twice when I ask to hook up and go chill

It could be in my place

On my place

Or your place

Or your place

And we could let our body conversate, 'cause

Chorus:

Everyday and all night

I dream of holding you tight

Crazy as I may seem

You're all that I ever need, baby (x2)

This ain't no attempt to get all up in your jeans

Even though I wanna make you scream to extreme

Our mouths give you chocolate treats like Halloween

Act out scenes where you and I wrote, my scene 'cause it's

Something in the way you make me feel

You got me feelin like I'm supposed to feel

Just you and I, upclose and personal

I'll be gentle while you lettin your emotional feel

And you got it good like that

When you and I interact you'll be whipped on contact

'Cause once you Will, you never go back

Baby, once you go Will, you never go back

I said how much I care about you right

Oh yeah

When you on my mind, I'm a be alright

Oh yeah

I wanna love you down in so many ways

Oh yeah

When I'm feeling blue, I think of you and say

Oh yeah

And since you knew how deep I feel about you girl, then you will
Not think twice when I ask to hook up and go chill
It could be in my place
On my place
Or your place
Or your place
And we could let our body conversate, 'cause
