

The Black Keys, Busted

Well, I'm busted
Yes, I'm busted
But my heart won't
Let me down
If you feel alright, darlin'
Won't you come around?
Won't you come around?
'round...'round...'round...'round

If you love me
Like I love you
Please won't you
Let me know
I prayed all night, darlin'
Walking through my door
Walking through my door
Walking through my door
Door...door...door...door
