

# The Black Keys, Meet Me In The City

Meet me, oh mamma, in the city  
And see everything's is so fine  
We'll get together now, darlin'  
Oh yes we will  
We'll make everything alright  
Now honey don't  
Oh honey don't

Please, please don't leave me right now, baby  
Right now, right now  
Oh no no no

You got me, baby  
You got me, darlin'  
You got me where you want me, baby  
Girl, I know you are satisfied  
Still begging you, baby  
Don't leave me here

Please, please don't leave me  
Right now baby, right now, right now  
Oh no no no
