

The Black Keys, No Trust

She wanna get out of the car,
Hey, in the middle of the road,
And her screamin' and her hollerin',
Is gettin' mighty old,
She check every paper when you step out the room,

Ain't got no trust in her momma,
Ain't got no trust in her daddy,
Ain't got no trust in her sister,
And she ain't got trust in you,

She want a simple life,
She need a simple man,
That don't drink or smoke, darlin',
Play in no rock and roll band,
Oh, but she want you to hold her at night,
When she's lonely and blue...hey!

Ain't got no trust in her momma,
Ain't got no trust in her daddy,
Ain't got no trust in her sister,
And she ain't got trust in you,

Hey, she's a beautiful girl,
Hey, when she wanna be,
But if you told her so, darlin',
She'd just disagree,
Oh, she hates your job,
Hey, what you want him to do?

Ain't got no trust in her momma,
Ain't got no trust in her daddy,
Ain't got no trust in her sister,
And she ain't got trust in you.
