

The Black League, We Die Alone

Hush! (...the horror... the horror... the horror...)
If you feel Emptiness. If you feel Hollow.
If you are lost and you don't want to find yourself.
Deserted streets within that Ghost Town of your Nightmares
You're in the Limbo - Hollow Ground; Shadowland
Nothing more, nothing less. Nothing new under the sun...

All alone... Shadowland, Shadowland, now...
All alone... Shadowland, Shadowland, now, now!
We die alone! Shadowland, Shadowland, now, now!
All alone... Shadowland... and Hollow Ground!

If you're a shadow of what you used to be.
If you don't know yourself. If you don't care.
If Nihil, Naught and Nil are all that you can feel!
You're in the Limbo - Hollow Ground; Shadowland
Nothing more, nothing less. Nothing new under the sun...

All alone... Shadowland, Shadowland, now...
All alone... Shadowland, Shadowland, now, now!
We die alone! Shadowland, Shadowland, now, now!
All alone... Shadowland... and Hollow Ground!

Nothing new and nothing true and nothing pure
and nothing good on Hollow Ground!
