

The Blackout, Children Of The Night

We are the children of the night,
we are the children
We are the children of the night,
we are the children
As daylight fades, we celebrate
The end is near your end is hear
The night it brings us our fate
Knee deep in mud we want your blood
This isn't love, this is war
This is the night we said
We would be fighting for
This isn't love, this is war
This is the night we swore
That we would call our own

Chorus

We are the children of the night
we are the children
We are the children of the night
we are the children
The fire burns into the sky
The sun goes down your end is here
Lighting eyes in the night
Be one of us be one of us
This isn't love, this is war
This is the night we said
We would be fighting for
This isn't love this is war
This is the night we swore
That we would call our own
We are the children of the night,
