

The Blackout!, Tops Of Party

I feel the ropes are getting tighter. it's not a bad idea
These Cchains will never hold me down, so lets just make this clear.
So step it up and make me fight it, and I'll scare you all the time.
Don't stop, just carry on and I know I'll be just fine.
Love you and leave you's what I'll do. One day I'm coming, not a clue.
Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down. Woah, woah
You feel my hands are getting tighter, getting ever nearer.
Scream when youve had enough, I couldnt see this clearer
Your life is slipping through my fingers. Push you up against the wall.
Do I stop or just carry on? will you ever take it off?
Love you and leave you's what I'll do. One day I'm coming, not a clue.
Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down. Woah, woah
I'm so close, scream for me.
I'm so close, scream for me.
I'm so close, scream for me.
Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down. Woah, woah
Youve tired me out by tying me down, youve tired me out by tying me down.
Youve tired me out by tying me down, youve tired me out by tying me down.
Tying me down, tying me down.
