

# The BossHoss, Hell Yeah

listen to me little lady i want you to know  
i got some money in my pocket to burn

i got a brand new car, we can drive real far  
come on let's go on a rock'n'roll turn

we're gonna have a big time, tell me you're mine  
let me hear you say YEAH and i'm fine

come on and move to the middle let me give a little  
bit of my sunny side of life

chorus:  
give it all get it all now baby  
let me hear you say YEAH  
get down get it on don't you hesitate  
it's never too late

hell yeah, folks, ladies and gents take your chance  
you gotta move on down the line  
we're gonna turn you into a rock'n'roll crowd  
i swear to god you'll be doin' fine

we're gonna have a big time, a hell of a time  
let me hear you say YEAH and i'm fine

well i'm as fit as fiddle  
let me show you a little bit of my sunny side of life

chorus

what you give is what you get  
babe, i'm tellin' no shit  
come on and keep on playing it cool  
turn it up, move closer, get down, jump around  
come on don't ya be a fool

we're gonna have a big time, a hell of a time  
let me hear you say YEAH and i'm fine

well this ain't no riddle, lemme show you a little bit of the sunny side of life
