

# The Braxtons, Never Say Goodbye

The way you love me  
The way you show me you care  
Never letting go  
You're like no other that I've ever known  
You're so special  
Bridge  
And I'll never turn you away  
You're in my life to stay  
What a beautiful thing that I have discovered in you  
Mere words can't explain just how blessed that I am  
To have someone like you  
Chorus  
Everything you do and everything you say  
Lets me know you care  
In a special way  
I feel so complete knowing I have you  
Everything you do is in a special way  
It's just a wonder that God has given me you  
It takes my breath away  
No other man no one can compare to you  
You brighten my darkest day  
Repeat Bridge  
The love that we have  
No other love can compare  
No other man has love me  
The way you do
