

# The Browns, Dream On (She'll Break Your Heart)

I met a girl and her eyes were blue  
Oh, what a girl as I love her true  
I know that we will never part  
Dream on she'll break your heart

Last night we went to a picture show  
I held her hand till time to go  
She let me kiss her in the dark  
Dream on she'll break your heart

--- Instrumental ---

Our love was real not just a game  
And I just know that she feels the same  
She love me true right from the start  
Dream on she'll break your heart

Dream on she'll break your heart

Well, now I'm happy as I can be  
I'm gonna ask her to marry me  
Then we will never be apart  
Dream on she'll break your heart

Dream on she'll break your heart  
Dream on she'll break your heart  
Dream on ...
