## The Browns, Dream On (She'll Break Your Heart)

I met a girl and her eyes were blue Oh, what a girl as I love her true I know that we will never part Dream on she'll break your heart

Last night we went to a picture show I held her hand till time to go She let me kiss her in the dark Dream on she'll break your heart

--- Instrumental ---

Our love was real not just a game And I just know that she feels the same She love me true right from the start Dream on she'll break your heart

Dream on she'll break your heart

Well, now I'm happy as I can be I'm gonna ask her to marry me Then we will never be apart Dream on she'll break your heart

Dream on she'll break your heart Dream on she'll break your heart Dream on ...
