

The Byrds, The Only Girl I Adore

Don't you know what you are
What you are darling to me
You're the first evening star
And the only star I see
You're my life through the day
And you're so much, so much more
Don't you know that you're the only girl
I adore, yeah yeah

Don't you know what I could mean
What I could mean darlin' to you
I could be your everything
And the only love for you
And I could be the only one
To hold you evermore
Don't you know that you're the only girl
I adore, yeah yeah

So won't you hold me, you know how I feel
We're right for each other
How love, how love can be real
Can be real

I think you know what I mean
What I'm trying here to say
You're the finest girl I've seen
And I want you right away
I think you know you're the love
That I've been looking for
Don't you know that you're the only girl
I adore, yeah yeah
