

# The Cab, Take my hand

Calm your nerves now  
Don't worry, just breathe  
Are you sure now?/  
Don't bother packing, let's just leave  
Said they wanted change  
Down to this place that I know  
To show that this is not a game  
Let's end this tragedy today  
Now take my hand and we will run away  
It's over, it's over, it's over  
How did this night become the enemy?  
I hope that you remain the same  
Lay down with me  
Let me hold you, baby just breathe  
This is ending  
We will get through eventually  
Said they wanted change  
I hope that you remain the same  
To show that this is not a game  
Let's end this tragedy today  
Now take my hand and we will run away  
Down to this place that I know  
How did this night become the enemy?/  
It's over, it's over, it's over  
We won't be a part of  
We won't be a part of this  
We won't be a part of  
We won't be a part of this  
We won't be a part of/  
We won't be a part of this  
We won't be a part of  
We won't, we won't  
Now take my hand and we will run away  
Down to this place that I know  
It's over, it's over, it's over  
How did this night become the enemy?
