

# The Car Is On Fire, Parker posey

Well I can go to hell if you go  
But I can't teach you something I don't know  
There's a lotta things I don't understand  
But with you beside me holding my hand  
There is one thing I'm sure of  
It's you I love  
Anything you'll do  
I will be around  
I know it's hard to be so cool  
When the only thing you want brings you down
