

# The Cardigans, Great Divide

Words: Sveningsson

Music: Svensson

There's a monster growing in our heads  
raised up on the wicked things we've said  
a great divide between us now  
something we should know

There's something to remember  
and something to forget  
as long as we remember  
there's something to regret  
something we should know

There's a mountain higher than we knew  
it's high but such a bitter view  
a great divide between us now  
something we should know

A great divide between us now  
on different sides of a great divide
