

# The Cardigans, I Figured Out

He showed me around  
To be found all alone  
He cleaned his room  
On his own to be known

So, I figured out  
With no doubt  
What he was about  
In his room  
On his own

You say "don't worry";  
But did you ever see us  
What he does, bothers  
You say "don't worry";  
But did you ever see us  
What he does, bothers
