

# The Carpenters, Let's Get Together

love is but a song we sing and fears the way we die  
you can make the mountains ring or make the angels cry  
tho' the bird is on the wing and you may not know why

chorus:

c'mon people now smile on your brother  
ev'ry body get together, try to love one another right now  
some will come and some will go and we will surely pass  
when the one that left us here returns for us at last  
we are but a moments sunlight fading in the grass

chorus

if you hear the song i sing you will understand  
you hold the key to love and fear in your trembling hand  
just one key unlocks them both it's there at your command

chorus
