

The Charlie Daniels Band, Ode To Sweet Smoke

"Ode To Sweet Smokey" from the album Midnight Wind

Please treat me tender
Like you used to
One and another
How could we lose

Oh those sweet memories
Come back to me silently
Oh sweet Smokey
I'm in love with you

She was the first girl
I'd ever seen
Dressed in a robe of
Tall evergreens

Oh those days ponderin'
Freely I was wanderin'
Oh sweet Smokey
I'm in love with you

High on a mountain
You know you make me
Weak in the knees
High on a mountain
I just can't believe
The things that I see

High on a mountain
You know you make me
Weak in the knees
High on a mountain
I just can't believe
The things that I see
