The Charlie Daniels Band, Wichita Jail

I woke up on a cement floor this mornin', My head felt like somebody been walkin' on it, Don't know how I got here, Don't remember nothin' at all, but if I done all the things that they say I did, well I sure musta had a ball

'Cause in 30 more days
I'm goin' back home,
to see that gal of mine,
but the Wichita Jail
is a long long way
from the Tupelo County line,
I gotta do my time

Well I ain't got a cent of the money I had I spent it Shirts tore, my shoes got a big hole in it, There's a king size knot on the side of my head and I got one big black eye But brother if you think I look bad, you oughtta see that other guy

'Cause in 30 more days I'm goin' back home, to see that gal of mine, but the Wichita Jail is a long long way from the Tupelo County line, I gotta do my time

Well this nine pound hammer feels like it weighs a ton makin lil ones outta big ones in this red hot Kansas sun I just hope I can make it 30 more days and get out of this mess I'm in, and if I ever get back to Mississippi I ain't ever gonna leave again

'Cause in 30 more days I'm goin' back home, to see that gal of mine, but the Wichita Jail is a long long way from the Tupelo County line,

I gotta do my time I gotta do my time I gotta do my time I gotta do my time
