

The Clash, 1-2 Crush On You

(Strummer/Jones)

Standing in a queue of a school canteen
Guys on the corner they were laughin' at me
But I don't mind if they see it all
You know I gotta come clean
I gotta come clean
I got a crush on you

My mind don't need it but my body do
A little bit of loving and attention for you
Although we're only strangers
They don't need to know
I gotta cum clean, I gotta cum clean
Ooh, I got a crush on you

I wanna get serious right away
1-2, I got a crush on you
What you doin' today or any other day?
1-2, I got a crush on you
Just one look and I go insane
1-2, I got a crush on you

Your daddy never comes to get you
`cos lives so far away
But his i-talian chauffeur shows up every day
But I'll get you in the corner, I'll get you all
alone
I gotta cum clean, I gotta come clean

I got a crush on you

1-2, I got a crush on you
1-2, I got a crush on you
1-2, I got a crush on you
I said 1-2
I got a crush on you

Why should I get a crush on yet?
