

# The Click Five, Long Way To Go

Was it you  
That said that you could never get enough of me?  
But you confessed  
That when we were alone you had to tell yourself to breathe  
So maybe I  
Should feel a little more like I've been living in a dream  
Well I'm asking you  
Should I stay?

Even though I love you (I can't help thinking about if I'd be better without you)  
If we stay together (it could get worse, then again, maybe it could get better)  
Even though I love you (I can't help thinking about if I'd be better without you)  
Something's wrong  
We both know  
That you and I still got a long way to go  
A long way to go

Why would you  
Wanna be with me instead of other guys?  
Oh make me feel like something special  
God I think I've heard a million times  
So would it be enough  
To buy you everything and call you mine?  
Cause it won't last long if I do

Even though I love you (I can't help thinking about if I'd be better without you)  
If we stay together (it could get worse, then again, maybe it could get better)  
Even though I love you (I can't help thinking about if I'd be better without you)  
Something's wrong  
We both know  
That you and I still got a long way to go

If I would leave tomorrow  
You'd be the last to know

Even though I love you  
If we stay together

Even though I love you (I can't help thinking about if I'd be better without you)  
If we stay together (it could get worse, then again, maybe it could get better)  
Even though I love you (I can't help thinking about if I'd be better without you)  
Something's wrong  
We both know  
That you and I still got a long long way to go

Long way to go  
Long way to go  
Still got a long way to go
