

# The Commodores, Slippery When Wet

Listen to me brothers  
Listen well  
Brothers we got something to tell  
You can't run around  
Bein' a married man  
And takin' care of business very well  
You've got to keep yourself together  
If you dig on what you got  
Cuz what you got can sho' nuff mean a lot  
If you aint takin' care of business  
This you must expect  
Love gets slippery when it's wet  
You know hangin' loose Can be outta sight  
But hangin' loose  
No it just aint right  
You see slippin'a tippin'  
Havin' fun aint no good  
Leavin' homework undone  
You've got keep your thing together  
If you dig on what you've got  
Cuz what you've got can sho nuff mean a lot  
If you aint takin' care of business  
This you can expect  
Love gets slippery when it's wet  
If you aint takin' care of business  
This you can expect  
Love gets slippery when it's wet
