

The Cookies, Housewife

My boy is far away from me
He left me all alone at home
I'm about to use my time and
He's gonna miss me
I know I should take care of home
Cleaning the dust and all that stuff
But honey I've got better things to do
Call when you get back

I told you that
I told you that
I told, told you that

I told you that
I told you that
I told, told you

I'm not a good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun

Good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun

I know I should take care of home
Cleaning the dust and all that stuff
But honey I got better things to do
Call when you get back

I know I should take care of home
Cleaning the dust and all that stuff
But honey I got better things to do
Call when you get back

I told you that
I told you that
I told, told you

I'm not a good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun

Good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun

I take it to the bridge
I'm not a cleaning robot, so what?
Yeah
I'm not cooking

I'm not washing
I'm not cleaning
Just remember this one

I'm not a good housewife (she's not a good housewife)
I'm not a good housewife (she's not a good housewife)
I'm not a good housewife (she's not a good housewife)
I'm not a good housewife (she's not a good housewife)

I'm not a good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun

Good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun

Good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun

Good housewife
Don't be surprised
When you come back
It's a little bit dangerous
Leaving me at home
I'd rather have some fun
