

The Cooper Temple Clause, Did You Miss Me?

Did you miss me?
I bet you did
Did you miss me
And what I did?
How's it going kid
How's the love life
Not good?
Good
I'm back now
Back with what I got
But it's not for sale
It's for someone else
Someone beautiful
Someone who loves
Not you
She screams my name
Yeah she makes me rise
With the look in her eyes
That you will never give
And she knows just how to hit the spot
She gives it all she's got
Then shit I blow my top
And we kiss
And we writhe and this
Is everything I miss with you
And no matter how hard you try
With each and every lie
You'll never scream my name
She can scream my name
