

# The Coral, Migraine

Migraine - Doctor, doctor, won't you help me please?

Migraine - Doctor, doctor, I'm down on my knees

Migraine - I feel it run from my toes to my brain

Migraine - Tried every potion, but it can't be tamed

Migraine

Migraine - Doctor, doctor, tearing my hair out?

Migraine - Doctor, doctor, what's it all about?

Migraine - I feel so nervous and I'm feeling sick

Migraine - My body's aching and I'm shittin' bricks

Migraine

Migraine - Doctor, doctor, won't you find a cure?

Migraine - Doctor, doctor, should I stay indoors?

Migraine - I go to parties and I just freeze

Migraine - Think I'm infected with a social disease

Migraine - Think I'm infected with a social disease

Migraine - Think I'm infected with a social disease

Migraine - Think I'm infected with a social disease

Migraine - Think I'm infected with a social disease

Migraine, migraine, migraine, migraine, migraine
