

# The Cranberries, Do You Know

I need you awhile  
My this was smile  
My this was smile

I will be strong  
I will carry on  
And I'll always hold on to my smile

What would you say?  
Would you say that it's sad for feeling this way?

What would you do if you were in my shoes?  
In my

Do you know what I think?  
Do you know what I think about it?  
About it

I guess you don't know anything  
You don't know anything about it  
About it

Do you know what I think?  
Do you know what I think about it?  
About it

I guess you don't know anything  
You don't know anything about it  
About it

Dust in my eyes  
I realize  
That I'm thinking  
Of you

I fit my car  
I will go far  
I'll be lonely  
For you

What would you say?  
Would you say that it's sad for feeling this way?

What would you do if you were in my shoes?  
In my

Do you know what I think?  
Do you know what I think about it?  
About it

I guess you don't know anything  
You don't know anything about it  
About it

Do you know what I think?  
Do you know what I think about it?  
About it

I guess you don't know anything  
You don't know anything about it  
About it
