

# The Creatures, Right Now

Right now  
Let me take you by the hand  
Right now  
Put your lips at my command  
Right now  
Fly me off to lover's land

Baby  
Don't you leave me at the post  
Kiss me  
You can feel it coast to coast  
Right now  
Baby need your love the most

You have set my soul on fire  
Only you can satisfy this great desire

Right now  
Let the fool world break in two  
Right now  
Stars can tumble from the blue  
Right now  
Just as long as I'm with you

Right now  
It's the time and it's the place  
Right now  
For a ride to outer space  
Right now  
Let me have that wild embrace

You have set my soul on fire  
Only you can satisfy this great desire

One time  
Let the wine of love flow free  
One time  
Be the lover you can be  
Right now  
Come and give yourself to me
