

# The Crystal Method, (Can't You) Trip Like I Do

I've got the understanding of a 4-year-old  
I've got the piece of mind of a killer soul  
I've got the rationale of a New York cop  
I've got the patience of a chopping block, yeah

trip like I do  
trip like I do (oh my god this is the best)  
trip like I do  
trip like I do (oh my god this is the best)

I've got the acumen of a seasoned pro  
I've got the lack of sight of a billion souls  
I've got the world on my back but I don't seem to care  
I've got the comprehension of a world unaware, yeah

trip like I do  
trip like I do (oh my god this is the best)  
trip like I do (mm..I want you to trip like I do)  
trip like I do  
(oh my god this is the best.. I want you to like I do)

can't you  
can't you trip like I do  
can't you  
can't you trip like I do

laid out on my back, I can't sleep cause I'm falling  
eyes in my teeth I can't see cause I'm eating  
head full of noise I can't think cause it's crushing  
back on my feet like a freight train I'm coming

can everybody feel like I do  
can everybody feel like I do (oh my god this is..)

can't you can't you trip like I do  
can't you can't you trip like I do (oh my god this is..)

can't you trip can't you think can't you feel like I do  
can't you walk can't you breathe can't you trip like I do...  
can't you walk can't you breathe can't you trip like me...
