

# The Crystal Method, Caterpillar

So listen closely  
To what I say  
Open your ears and your mind will obey

So lose your fear  
Don't be afraid  
To let the freaky freaky into your brain

(yes, say yes)

Caterpillar  
Caterpillar  
Caterpillar  
Caterpillar  
Caterpillar  
Caterpillar

(Take it)  
(My Control...)

"My rings burst forth  
And the light poured in  
These fluttering wings  
Are what lead me to your darkness "

Another picture  
Another high  
I post my picture baby  
Don't ask me why

So lose your fear  
Don't be afraid  
To let the freaky freaky into your brain

So lose your fear  
Don't be afraid  
To let the freaky freaky into your brain
