

# The Cult, Be Free

To be free  
Like the birds and the bees, yeah  
To be free, sister free, sister free  
Like the wind in the trees  
You gotta fly if you wanna survive  
Don't eat shit if you wanna stay fit

Free yeah  
Like the birds and the bees, well  
Free  
You gotta stay free, free, free

You gotta burn, ooh, sister you gotta learn, yeah  
You gotta lie, cheat and lie  
Cheat and lie if you wanna survive, whoo  
Don't get high if you don't wanna fry  
Yeah free, whoo, like Dusty and me

I gotta tell you what it's all about

Free yeah  
Like the birds and the bees, well  
Free yeah  
You gotta stay free, free, freedom

Yeah, freedom  
Well, free, freedom

Free  
Like the birds and the bees  
You gotta fly sister, you gotta fly sister  
If you wanna survive

Gotta be free like sweet H and me

Free, yeah  
Free

Come on

Come on  
Come on  
Come on  
Get ya

Come on  
Come on  
Come on  
Get it

Come on  
Come on  
Come on  
Come on

Come on  
Come on  
Come on  
Be free
