

# The Cult, Revolution

Pictures of never ending dreams  
I can't see what these images mean  
Locked inside me  
Can't set the rainbows free  
Like perishing flowers  
They sag and twist and die

There's a revolution  
There's a revolution, yeah  
There's a revolution  
There's a revolution

Sorrow  
What does revolution mean to you?  
To say today's like wishing in the wind  
All my beautiful friends have all gone away  
Like the waves  
They flow and ebb and die

There's a revolution  
There's a revolution  
There's a, there's a revolution  
There's a revolution

There's a revolution  
There's a revolution  
There's a revolution  
There's a revolution, yeah

Joy or sorrow  
What does revolution mean to you?  
To say today's like wishing in the wind  
All my beautiful friends have all gone away  
Like the waves  
They flow and ebb and die

There's a revolution  
There's a revolution  
There's a revolution  
There's a revolution

Revolution  
Revolution  
Revolution  
Revolution

Revolution  
Revolution  
Revolution  
Revolution, yeah
