

# The Cure, The Dream

You're too far away  
Too far away to touch  
And this mother's love inside me  
Hurts too much  
Prettily waving  
Playing on the sand  
Dreaming of everything  
Dancing  
Dancing in our hands  
Dancing  
Dancing

Dizzy dizzy dizzy  
As I speak  
Like a tumbling cat  
I watch in fascination  
Like a vampire bat  
Don't do it don't do it  
Don't do it don't do it  
Don't give it away  
We'll use it up tomorrow  
If we don't use it today

Rest your head  
Oh! just put it outside  
All wrapped up in ribbons  
The night  
The dream  
The time love died

We pushed it in our mouths  
Pushed it deep inside  
All wrapped up in ribbons  
The night  
The dream  
The time  
Love died
