The Damned, Creep(You Can't Fool Me)

think you're pretty mean, acting sixteen
looking real tough, ain't anger enough
with your harlem clothes, try and act with your pose
well if i look in your eyes just run and hide

(chorus)
you can't, you can't fool me(x2)

now the actions begun you ain't scaring no-one
just back in a quick, you only make me feel sick
just go on home, leave us alone
go and beat up your cat, i bet, i bet you're good at that
(chorus)

(2nd verse)
