

# The Damned, Lively Arts

i'm gonna stay in bed all day  
i'm not gonna hear a word you say  
it's gonna be a life of style for me  
electric blankets,pillows,fire,and tv  
chorus :

take a look outside  
those lively arts are on the slide  
and culture's just a bore  
when you're angry ,young and poor  
but if i got my way  
those idle rich would pay  
when the discussion starts  
on the lively arts

i'm gonna be a lazy slob  
stuff the folks and sod the job  
and tell the foreman that i'm ill  
and in a week i'll be here still  
yes i will  
repeat chorus
