

The Damned, Teenage Dream

Standing around trying to get her somewhere
Whatcha gonna do?
Tried and I can't speak
Gets you nowhere
Looking for a scheme

Ahh teenage dream
Ahh teenage dream
Lookin' for another teenage dream
Lookin' for another teenage dream
Well I'm lookin' for another teenage dream
Well I'm lookin' for another teenage dream

Stranger things have happened
Stranger things than this
What makes you feel so bad?
Stuck in the city
Hiding in the trash well feels like
I've been had

Ahh teenage dream
Ahh teenage dream
Lookin' for another teenage dream
Well I'm lookin' for another teenage dream
Lookin' for another teenage dream
Well I'm lookin' for another teenage dream

Lookin' for another teenage dream
Lookin' for another teenage dream
Well I'm lookin' for another teenage dream
Well I'm lookin' for another teenage dream
I said teenage teenage teenage dream
Teenage teenage teenage dream
Teenage teenage teenage dream
Teenage teenage teenage dream

Teenage teenage dream
Teenage teenage dream
Teenage teenage dream
Teenage teenage dream
