

# The Dandy Warhols, Holding Me Up

Do you remember when you told me  
You said you're holding me up  
Me up

Darling  
And you said you're holding me up  
Me up

So get your feet on the floor eh  
You're making a stand now

You get what you get  
So get what you can

Just remember that you told me  
You said you're holding me up  
Me up yeah

Holding me up  
Holding me up  
Holding me up  
Holding me up  
Me up

Remember that you told me

You're holding me up  
Me up

and you said you're holding me up  
Me up

Now get your feet on the floor eh  
You're making a stand now

You get what you get  
So get all what you can

But just remember that you told me  
You said you're holding me up yeah

Holding me up  
Holding me up  
Holding me up  
Holding me up  
Me up

Ah ha  
Uh ah ha
