

# The Dandy Warhols, Love Is The New Feel Awful

I don't know where I said anything like that. I have no fucking clue.

So what about you  
Convincing me all the time  
Oh my aching heart  
Forget all

And what about me  
Deciding you all of the time  
My aching heart  
Forget all

Announcing me  
Is all about you all of the time  
My aching heart  
Forget all

And what about me  
Deciding you all the time  
Oh my aching heart  
Forget all.

It's all about you  
Convincing me  
All the time  
Oh my aching heart  
Forget all

And what about me  
Deserving you  
Of the time  
Oh my aching heart  
Forget all

So what about you  
What about you  
Oh my aching heart  
Forget all.
