

The Dandy Warhols, The Dope (Wonderful You)

Wonderful you
The dope you are
And beautiful me
Came for your party.
Well lately I can't stop talking about you.
And mainly I'm wondering why in the hell I left without you.

Take heart
Because you're art
And you're loved,
Not that only.
Take heart
Because you're art
And you're loved,
Just not only.

Maybe I do
Maybe do ya.
Now think about me
Coming onto ya
Or maybe I would if I maybe knew ya
And maybe you want me
Or maybe you want me to be it to you.

Take heart
Because you're art
And you're loved,
Not that only.
Take heart
Because you're art
And you're loved,
Just not only.

Because you're art
And you're loved,
But not only
