

The Dandy Warhols, Wonderful You

Wonderful you, the dope you are
And beautiful me came for your party.
Well lately I can't stop talking about you.
And mainly I'm wondering why in the hell I left without you.
Take heart
Because you're art
And you're loved,
Not that only.
Take heart
Because you're art
And you're loved,
Just not only.
Maybe I do maybe do ya.
Now think about me coming onto ya
Or maybe I would if I maybe knew ya
And maybe you want me, or maybe you want me to be it to you.
Take heart
Because you're art
And you're loved,
Not that only.
Take heart
Because you're art
And you're loved,
Just not only.
Because you're art
And you're loved,
Just not only
